Refer to: Underground Hazardous Waste Storage Tank Registration  
Public Act 84-1072

April 14, 1986

Reilly Tar & Chemical Corp.  
Attention: Larry L. Pirtle, Plant Manager  
Post Office Box 370  
Granite City, Illinois 62040

EPA Region 5 Records Ctr.

393356

Ladies and/or Gentlemen:

The purpose of this letter is to notify owners of underground storage tanks containing hazardous waste of new requirements identified in Public Act 84-1072 which adds Section 22.12 to the Illinois Environmental Protection Act (Ill. Rev. Stat., Ch. 111 1/2, par. 1022.12). "Underground storage tank" shall have the meaning ascribed to it in Section 9001 of Subtitle I of the Hazardous and Solid Waste Amendments of 1984 (P.L. 98-616) to the Resource Conservation and Recovery Act of 1976 (P.L. 94-500), as amended. "Hazardous waste" shall have the meaning ascribed to it in Section 315 of the Illinois Environmental Protection Act (Act). If you are not an owner of an underground storage tank containing hazardous waste as defined above, you may disregard this letter and attached form.

New Section 22.12 of the Act requires the owner of an underground storage tank containing hazardous waste to register the tank(s) by May 8, 1986 with the Illinois Environmental Protection Agency (Agency) on a form provided by the Agency. In addition, any underground storage tank that will contain hazardous waste and that will be installed or replaced after July 1, 1986 shall be registered prior to the installation or replacement of the tank. Notification as a hazardous waste generator, storage and/or treatment facility per P.L. 94-500, as amended, may also be required.

Attached please find one (1) copy of the registration form for underground hazardous waste storage tanks as required by Section 22.12 of the Act. If one (1) copy of the form is not adequate, either copy the form or request additional forms from this office. If you should have any questions regarding the registration process, please contact Charlie Zeal at 217/782-6762.

Sincerely,

Robert G. Kuykendall  
Manager  
Division of Land Pollution Control
